Knot the Fae Cat

Keelie's kitty cat guardian

Color Knot and his garb before cutting him out.

Since Knot tends to run off if not held down, glue him to thin cardboard, then glue the base of the board to a small wooden block or recycle a piece of styrofoam to use as a base. That way he'll stand up - and if you leave, he'll still be there when you come back.

Keep Knot away from fairies or you may wake up with your hair in knots.

Knot also really, really loves oatmeal. Watch your cookies and porridge!
